### **Presidents Message**

I hope you have all been enjoying the wonderful men's and women's Ashes series. I'm sure there are few tired Nuna members like my good self, with all the late night sport options on offer along with the cricket.

Not long now until preseason kicks off! I'd encourage anyone looking to set themselves up for a good season to get along on a regular basis. Great chance to add a new shot or ball to your repertoire, and also a chance to work on your cricket fitness. Ooze, Rohan and Jimmy have been planning a few exciting changes for training, so make sure get along and help us get a step ahead of our competition. Remember our goal this year as a club is to get back to playing and winning finals this season. The process begins with pre-season.

Looks like we are on track to have our first ever competitive women's team up and running this season! First pre-season training session was held last weekend and it was great to see most of our social sixes from last year in attendance. Still room for a few more players, so please get the word out there to anyone who might be interested. Our Sunday sessions for this group, run by Bec Brown and myself, are happening over July and August are open to any women wanting to come and try cricket.

Lynda and I met with council a couple of weeks back and looks like we will have a new synthetic pitch and run ups in place for the start of the new season on Bob Saker. Great news! Budget has been approved but they have been waiting for a break in the weather to start work to avoid damaging the ground with equipment. If you have any thoughts on how we can improve our facilities, now is good time to let us know your ideas. Council are looking at a strategy for the whole precinct, so we have an opportunity to make submissions. We have requested a separate area for dog walkers and a shelter for players between the middle and bottom grounds, as examples. New clubrooms and new training nets are on the cards, but are a couple of years away at this stage.

We are also undertaking many training sessions for the transition to PlayHQ. The Junior registrations are now open, with womens and seniors cricket to follow soon.

Lastly, it is not too late to recruit new senior players to the club. If you have any relatives, friends, work mates etc who are cricketers, just ask the question on what they are doing this season. If any interest in playing at Nuna let me know their details and Ooze and I will follow up with them.

Enjoy the newsletter and I look forward to catching up with you all soon.
