## PRESIDENTS REPORT—CONTD

As usual a big off-season as the committee prepare for what we hope will be a massive year for the club. Here are some of the highlights:

- Rob Ferdinands returns in an extended coaching role with extensive involvement in our junior program
- Leigh Callander returns to continue the great work he did with the kids last season
- Udara Hettige continues as First XI Captain but this season he will be assisted by:
  - Franky Boteju who returns to Nuna after a few seasons at Yarraleen
  - Current Sri Lankan national player Nisal Randika who is our star recruit
  - Several new players who will strengthen the 1s and 2s
- A successful Junior Winter Academy run by Rob

Here are the major changes to expect this season:

- 1) A quality opening bat in the First XI in Nisal Randika. Nisal will also have an active coaching role with the juniors. Nisal is currently on the Sri Lankan national panel and is an experienced First Class cricketer.
- 2) The return to an active playing role of triple-first xi-premiership-captain Marc Lamont who will skipper the 2s.
- 3) The 1s and 2s have had a club leadership meeting and have started training. We have big expectations from both sides this season and we expect a big lift in attitude and effort.
- 4) A much stronger First XI and a First XI squad who will lift training frequency, quality and intensity
- 5) Oval No. 2 is being refurbished by the council. It will be a quality ground with a wide and long pitch by the time the works are completed but we are likely to be off it all season

If any Dads or past players interested in playing in a vets team, playing every second Sunday, can they please contact me.

Please like our Facebook page so you can see instant updates including training and match changes due to weather and social news etc.

## JUNIOR REPORT, ROB NASH JUNIOR MANAGER

Welcome to all Junior families for season 2018/2019

Planning is well and truly underway for the season ahead. This year we plan on having our biggest and best season yet - both on and off the field!!

Our Junior Handbook for season 2018/2019 will be released in the first week of August. It will contain all the information for the season ahead. Here are some highlights just to give everyone a heads up of some of the things that have occurred/are planned for this season:

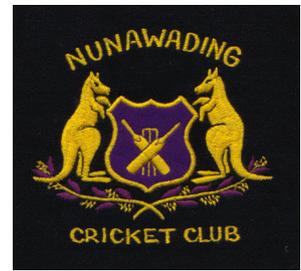

- We plan to field teams from Under 18 to Super 7s and Fast 9s and 2 girls teams.
- We will be running coaching clinics at several local primary schools and kinders
- Registration can be completed online by following this link:

### [Nunawading CC Junior Online registration](#)

- Woolworths Junior Blast will replace Milo in2Cricket. Whilst in essence this is a name change (with Woolworths now sponsoring after the many years of support from Milo), this is again part of Cricket Australia and Cricket Victoria's pathway enhancement. Daniel 'Smudge' Smith will again run this program this season.
- Super Sevens and Fast 9s to continue to build from last season's initial success. Boys and Girls aged between 8 and 12, have the opportunity to play these exciting new forms of cricket - which were a great hit last season.
- Girls Cricket - we are looking to have a second Girls Team - with the focus on Girls aged 8-12. After the success of last years Girls Team (who won the Premiership), we hope to provide more Girls the opportunity to play. If you have a daughter, sister or friend who may be interested please let me know or simply come to Registration Day.
- A further enhancement of training for all our juniors (excluding Woolworths Junior Blast) players. This will build on the dedicated training juniors have received over the last two seasons. Our aim is to further enhance training, maximising involvement (ensuring players are involved as much as possible - not waiting in lines) and having additional qualified resource to assist match day coaches. Peter Jessup will be coordinating this, and ensuring it is also aligned to the overall direction in which club Coach Rob-in Ferdinands is taking the club.
- Registration Day will be held on 25 August at Mahoneys Reserve. (9.00am - 11.00am). This will be a chance to not only register and order new apparel.

As always though, it is critical we know our numbers of players. Please let me know if you will not be returning to Nuna again this season. Also, we are keen to get any additional players - especially in our U12s and as I said earlier, our Girls Teams. I encourage strongly any players to bring a friend down - even just to try out!! Every child - regardless of ability or experience - is heartily welcome at Nuna.

Club Coach and Cricket Australia Level 3 Coach Rob Ferdinands has increased his commitment to the club by running and facilitating several initiatives in addition to the coaching he will run on Junior training nights. These include:

### **Nunawading CC Academy Program**

Rob completed winter coaching programs last month. He ran 4 programs - Advanced Allrounder, Entry Level Allrounder x 2 and Entry Level Spin Bowling program. Rob is also running one on one sessions which will be scheduled at Nuna Nets once weather improves. Please let me know if you have a child keen to participate.

### **Harvey Watts Academy Program**

Rob is facilitating a skill based coaching program run by Phil Lovell from Premier Club Fitzroy-Doncaster CC which will be offered free to our juniors as part of their commitment to community cricket. Nunawading CC nominated five players to attend with preference given to junior players playing regularly in the club 1st XI and then those who attended Nunawading CC Academy Programs.

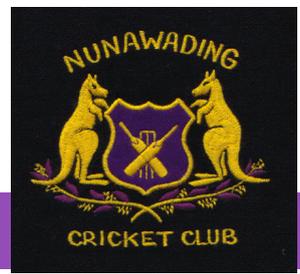

Two sessions were held in July with follow ups held in September. FDCC will also be attending senior and junior training throughout the year to help the club increase cricket skills and knowledge through targeted sessions. Dates to be announced.

Finally, please also let me know if you are in a position to assist. Whether it be coaching, assistant coaching, assisting with training, Team Manager, Catering, or anything else you believe the club could do with, please let me know. We never say no to anyone who wants to help out. If you think you can enhance something that needs to be improved, please yell out!!
